

EUROPEAN LETTERING INSTITUTE

PROGRAMME FOUND YEAR 3

CONDITIONS

Students who passed their evaluation in year 2 can now move on to year 3. During this last year, students will have the opportunity to focus a little more on a specific subject matter in a personal project whilst still dealing with more general projects. They will be asked to present this project at the end of the year together with their portfolio. All assignments now will aim for a professional output. Part-time students also need to finish all projects before they can graduate, meaning one year full-time equals two years part-time.

Applied lettercarving	80h	40h

Students can apply for a one day/week programme, with possible added Skype sessions, but this can only be granted in exceptional circumstances and is not encouraged, fearing a loss of important and necessary teaching time. However, should you be interested, please contact us via email.

HOW TO APPLY:

Please send us your CV and a motivation letter via mail. We will contact you and if favourable, you will receive an invitation to show your work in our school. It will give us the opportunity to get to know you better. For students living abroad, this appointment can be replaced by a Skype meeting. Overseas students will need a visa to study in Belgium. Since regulations have become more strict, we advise you to please contact us for more details **before** contacting the Embassy. Please note that it takes upto at least 8 weeks before receiving your visa.
